

**LEHR ROAD BRIDGE REPLACEMENT**  
**BRIDGE No: WAY-TR 101-1.49**  
**PID: 115791**

**Wayne County Engineer's Office (WCEO) Seeks Comments for Bridge Replacement project on Township Route 101 over Little Killbuck Creek in Wayne County**

Wayne County is proposing bridge replacement located on Lehr Road (TR 101); 0.2 mile west of SR 302 and Lehr Road intersection. Highway easements, Channel easements and Temporary easements will be needed to be acquired for the project.

The detour for TR 101 is as follows:

- The detour route for westbound traffic will be northwest on SR 302 (Lattasburg Road) to CR 213 (Bates Road), south on CR 213 (Bates Road) to USR 250 (Ashland Road), southeast on USR 250 (Ashland Road) to TR 101 (Lehr Road).
- The detour route for eastbound traffic will be northwest on USR 250 (Ashland Road) to CR 213 (Bates Road), north on CR 213 (Bates Road) to SR 302 (Lattasburg Road), on SR 302 (Lattasburg Road) southeast to TR 101 (Lehr Road).

Construction is anticipated to begin July 2027, and last approximately 90 days.

Written comments about the proposed project may be mailed to Eric K. Liew, P.E, P.S., 3151 W. Old Lincoln way, Wooster OH 44691. You can also contact WCEO by telephone (330) 287.5500 or email [ekl@wayne-county-engineer.com](mailto:ekl@wayne-county-engineer.com)
